Graduate Level Professional Teaching

Adjunct Professor

Graduate Psychology Department Azusa Pacific University, Azusa, CA 2010 to Present

Class: Consultation in Clinical Psychology PPSY 740

This course provides instruction and training in the provision of professional clinical consultation. Students are introduced to the theoretical and practical aspects of providing consultation. This course will help students expand their thinking in career formation and career options as a clinician by focusing on the clinician as consultant.

- Designed and administrated online eCompanion portion of the course for Doctoral section.
- Facilitated weekly online discussion threads, fielded student questions, and graded reflection exercises and final course project.

Supervisor: Marv Erisman, Ph.D.

Adjunct Professor

Graduate Psychology Department Azusa Pacific University, Azusa, CA Spring Term 2010

Class: Social Ethics and Psychotherapy PPSY 736

This course presents ethical perspectives on the formation of social identity and community. Students examine the communal nature of the maturing self, the critical influence of urban life and urban problems on the family, and broader goals of psychotherapy. The professional identity of the psychotherapist within the larger social context, especially within diverse and multi-cultural settings is also examined.

- Designed and administrated online eCompanion portion of this capstone course for Doctoral section.
- Facilitated weekly online discussion threads, fielded student questions, and graded reflection exercises and final course project.

Supervisor: Marv Erisman, Ph.D.

Adjunct Professor

Graduate Psychology Department Azusa Pacific University, Azusa, CA Spring Term 2010

Class: Family Ethics and Psychotherapy PPSY 753

This course explores moral and spiritual identity formation within the family. Students consider religious, intergenerational, and systemic influence in the development of the moral and spiritual landscape of the family and the moral and spiritual resources available to confront the emotional and psychological challenges of family life today.

- Designed and administrated online eCompanion portion of this course for Doctoral section.
- Facilitated weekly online discussion threads, fielded student questions, and graded reflection exercises and final course project.

Supervisor: Marv Erisman, Ph.D.

Adjunct Professor

Graduate Psychology Department Azusa Pacific University, Azusa, CA Fall Terms 2008 through 2010

Class: Moral Identity Formation PPSY 531

This course presented philosophical and ethical perspectives integral to the understanding of contemporary psychologies. Students learned how to analyze the ethical bias of the psychotherapeutic psychologies and to identify their underlying philosophical assumptions, and develop an appreciation for the moral components in individual, marital, and family identity formation.

- Designed and administrated online eCompanion portion of the course for two Masters level sections and 1 Pre-Doctoral section involving a total of 90 students.
- Facilitated weekly online discussion threads, fielded student questions, and graded reflection exercises and final course project.

Supervisor: Marv Erisman, Ph.D.

Adjunct Professor**Graduate Psychology Department**

Azusa Pacific University, Azusa, CA

Spring Term 2008, 2010

Class: Theological Foundations, Spiritual Formation and Psychotherapy PPSY 533

This course examined key issues in the theological foundations of human nature and spiritual formation. Students were encouraged to develop a view of human nature that demonstrates theological consistency, to reflect on frameworks of meaning in spiritual development, and to engage clinical perspectives that are beneficial in therapeutic practice.

- Designed and administrated online eCompanion portion of the course for class cohort in Orange County.
- Taught weekly 3-unit class.
- Facilitated weekly online discussion threads, fielded questions, graded reflection exercises and final project for the course.

*Supervisor: Marv Erisman, Ph.D.***Adjunct Professor****Graduate Psychology Department**

Azusa Pacific University, Azusa, CA

Fall Term 2007

Class: Ethical Foundations of Psychology PPSY 531

This course presented philosophical and ethical perspectives integral to the understanding of the contemporary psychologies.

- Taught three weekly 3-unit classes.
- Designed and administrated online eCompanion portion of the course for two Masters level sections and one Pre-Doctoral section involving a total of 90 students.
- Facilitated weekly online discussion threads, fielded student questions, and graded reflection exercises and final course project.

*Supervisor: Marv Erisman, Ph.D.***Teaching Assistant****Graduate Psychology Department**

Azusa Pacific University, Azusa, CA

Fall Term 2006

Class: Assessment IV, Projectives PPSY 754

- Led Rorschach (Exner's Comprehensive System) weekly training lab, supervised and graded student administration and scoring projects.

*Supervisor: Barbara Janetzke, Ph.D.***Teaching Assistant****Graduate Psychology Department**

Azusa Pacific University, Azusa, CA

Summer Term 2006

Class: Group Skills in Clinical Practice PPSY 582

- Assisted in facilitating small group training exercises and supervision activities, graded projects.

Teaching Assistant**Graduate Psychology Department**

Azusa Pacific University, Azusa, CA

Spring Term 2006

Class: Theological Foundations, Spiritual Formation and Psychotherapy PPSY 533

- Co-taught three Masters and Pre-Doctoral level sections at Azusa and Orange campuses; graded projects.

Supervisor: Theresa Tisdale, Ph.D.

Clinical Practica

Psychology Clerk

University of California Medical Center, Irvine, CA

Medical Center Practicum

September 2007 – August 2008, 8 hours / week

Setting: Neurodevelopmental Pediatric Outpatient Clinic

- Met with developmentally disabled patients and their families to administer cognitive assessment batteries.
- Provided professional diagnostic evaluations under the supervision of licensed clinical psychologists.
- Formulated and delivered written and verbal recommendations to multi-disciplinary treatment team.

Instruments administered: RBANS, WAIS-III, WISC-IV, MMSE, REY

Supervisors: Christy Hom, Ph.D.; David Walsh, Psy.D., ABPP

Research Intern

University of California Department of Psychiatry, Irvine, CA

Research Practicum

September 2007 – August 2008, 8 hours / week

Setting: University School of Medicine; Pritzger-Conte Neuropsychiatric Disorders Research Consortium

- Participated with research team seeking to identify the genetic correlates of Major Depressive Disorder, Bipolar Affective, and Schizophrenia.
- In accordance with strict National Institute of Health project objectives and methodologies, facilitated psychological autopsies by conducting diagnostic interviews of surviving family members, classified participants into groups, performed statistical analysis of data, and formulated differential DSM-IV diagnoses.
- Attended multiple training seminars at the University of California, Irvine School of Medicine.
- Conducted forensic evaluations of sexual offenders in correctional settings in preparation for hearings on competency to stand trial.
- Performed risk assessments for individuals involuntarily held (5150) in a psychiatric hospital; co-produced reports for various courts.
- Completed file reviews to evaluate and determine eligibility for Social Security benefits.

Supervisor: David Walsh, Psy.D., ABPP

Psychology Clerk

Patton State Hospital, Patton, CA

Assessment Practicum

August 2006 – August 2007, 16 hours / week

Setting: 1,200 bed maximum-security State Forensic Psychiatric Hospital, housing judicially committed patients.

- Conducted psycho-diagnostic, clinical intake, and neuropsychological screening assessments.
- Consulted with multidisciplinary treatment teams regarding diagnosis and treatment planning.
- Made recommendations to the courts and other agencies regarding competency to stand trial, appropriate release into the community, or placement in an alternative facility.
- Under the supervision of licensed clinical psychologists, led two separate Dialectical Behavioral treatment groups on long-term units.
- Participated in weekly training and clinical supervision groups.
- Conducted malingering assessments on admission units.

Instruments administered: RBANS, GSRT, PAI, MMPI-2, MCMI-III, WAIS-III, Rorschach-Exner System, TOMM, SIRS, DOT COUNTING TEST, BPRS, BDI, MMSE, REY-15, SVT.

Supervisors: Annette Ermshar, Ph.D., ABPP; John Kinsman, Ph.D.; Carolyn Wicks, Ph.D.; Kira Mellups, Ph.D.

Clinical Practica *continued*

Psychology Trainee

Center for Individual and Family Therapy, Orange, CA

Practicum in Counseling

September 2005 – August 2006, 16 hours / week

Setting: Community health clinic providing integrated psychological services, substance abuse treatment, and psychological testing to individuals, families, and couples.

- Provided full range of ongoing individual, marital, and family therapy in community clinic.
- Conducted intake interviews, designed treatment plans, maintaining average case-load of 10 clients per week.
- Provided multi-ethnic individual, family, and couple therapy focusing on stress and coping, anxiety, depression, anger management, drug, substance abuse issues, communication skills, using both brief and long-term models of therapy.
- Administered integrated assessment batteries as requested by MFT staff.

Instruments administered: WAIS-III, WISC-IV, MCMI, PAI, WRAT, and Beck Depression Inventory.

Supervisors: Robyn L. Bettenhausen, Psy.D.; Chris Stanley, Psy.D.

Psychology Trainee

Child and Family Development Center; Azusa, CA

September 2003 – June 2005, 16 hours per week

Setting #1: On-site urban senior high school of about 900 multi-ethnic students. (8 hours /week for 12 months)

- Worked with school guidance office to provide counseling services to students expelled for truancy, anger outbursts, substance use, and gang activity.
- Met with individual students and their families to help students adjust to school re-assignment.

Setting #2: Urban community counseling center in Latino community. (16 hours /week for 12 months)

- Conducted intake interviews, administration, scoring, and interpretation of limited assessment instruments.
- Provided weekly brief individual and/or group therapy to multi-ethnic adolescents, adults, and families including work with Bi-Polar, PTSD, OCPD, ADD/ADHD issues.
- Participated in weekly teacher and administration conferencing, occasional child-abuse reporting, and referrals to outside agencies.
- Conducted intake interviews and assessment of emotional, social, and vocational functions of adolescents and adults.
- Attended biweekly seminars, weekly individual and group supervision.

Supervisors: Linda Matthews, Ph.D.; Sheryn Scott, Ph.D.

Research Experience

Psychology Research Assistant

University of California School of Medicine, Irvine, CA

Department of Psychiatry and Human Behavior

September 2007 – August 2008

Research Study: Genetic Factors of Suicide

- Conducted psychological autopsies while working with Orange County Coroner's Office.
- Administered bereavement questionnaires to families affected by suicide.
- Performed differential diagnoses between Major Depressive Disorder, Bipolar Disorder, and Schizophrenia.
- Compiled and analyzed psychosocial data, providing research results to research team under supervision of licensed clinical psychologists.

Supervisors: David Walsh, Psy.D., ABPP

Psychology Research Assistant

April 2007 – October 2007

Research Study: Rorschach Responses as Predictors among Juvenile Non-violent, Violent, and Sex-offender Populations

- Collected, read, and analyzed data from forensic assessment protocols administered by two licensed clinical psychologists.

Participant Population: Court referred juveniles

Supervisors: Annette Ermshar, Ph.D., ABPP; Marjorie G. Howard, Ph.D.

Research Experience *continued*

Theoretical Doctoral Dissertation

Azusa Pacific University, Azusa, CA

Graduate School of Psychology

December 2004 – June 2007

Topic: Differentiation and Integration: Applying an Interdisciplinary Systems Perspective to Spiritual Growth

- Proposal Accepted: June 2006
- Colloquium: April 2007
- Defended with Distinction: June 26, 2007

Dissertation Chair: Theresa Tisdale, Ph.D.

Committee: Mark Stanton, Ph.D.; Stephen Cheung, Psy.D.

Other Clinically Related Pre-Doctoral Experience

Allies Member

September 2008 – August 2009

- Participated in ALLIES organization by providing support to GLBT individuals at Utah State University through the USU Counseling Center.

Controller

Family Care Center, Fort Wayne, IN

May 1999 – August 2003
